FACES — A Glimpse (Cover)

Face in the cloud, front and center.

Eyes forming in the sky.

A single eye above the sun in cloud.

Sleepy face drifting over the house.

Profile in the park clouds.

Strange faces emerging together.

A large human-like face over the sun.

Figure-like shadow, as if a man in the park.

Window light and orb forming a presence.

Shapes of mama and baby in threshold light.

What do you see?
